## MEXICAN REBELS CAPTURE CITY

Scene of Revolution Shifts to Durango  
More Trouble Is in Sight.

City of Mexico, May 1.—News of perhaps the most serious government defeat of the war came by mail today, reporting that the city of Durango, capital of the state of that name, had fallen into the hands of the revolutionists. It is the first state capital to come into the possession of the rebels.

It was not known that Durango was in grave danger. Although large bands of rebels have been operating in that state, it was supposed that their main attack was directed toward Torreon.

No details of the fighting are given in the letters. It is said, however, that the victory was gained in the absence of Gen. Moya, who operating with Gen. Madero, has been in charge of the operations to the southward of Chihuahua. It is understood that Gen. Moya has been notified of the victory and is on his way to Durango to make that city the base of his operations, which now extend from Durango state into the states of Coahuila, Zacatecas and Aguas Calientes.

No Reinforcements by Rail.

No reinforcements can be sent by rail from this city into the affected district. One of the longest steel bridges on the Mexican Central line, near Aguas Calientes, was blown out on Saturday. Other than the stub trains that are now running on the City of Mexico division, 1,200 miles of the Mexican Central is now out of commission.

The federal wires have been cut between this city and Acapulco.

**Russian Consul Mistreated.**

It is a fact further that George Wannag, the Russian Consul here, was robbed and maltreated by the brigands at El Pargue. He was traveling with Dr. Olssen-Seffer. There being no reliable communication now between this place and Cuernavaca, the Russian Minister sent an employee of the legation to Cuernavaca by motor last night. The messenger returned today with a statement of the affair from the Consul. It has been cabled to St. Petersburg.

In view of this and other facts, it is odd that the Imparcial, a government newspaper, announces that all Mexican and foreigners, with the exception of the Americans on the train recently shot up, were robbed, but that the Americans were treated with distinction. Whatever may be the object of the Imparcial's statement, it is not correct.

The Pullman porter, a colored American, was shot and is now in the

Cuernavaca hospital in a serious condition. All the Americans were searched and robbed of what they possessed, and some of them were maltreated.

**Engineer and Fireman Missing.**

Hardy, the American engineer, and his fireman, whose name is unknown, also an American, have disappeared, and I regret to say that the belief is now that they either have been killed or are being held for ransom. Others believe they have escaped and have taken refuge in the forest, where they are awaiting the coming of rescue parties.

However, no rescue parties are being sent out, the federal troops being perhaps with reason, not over-

## CONFEDERATE MEMORIAL SERVICES SUNDAY

Once a year the survivors of the Lost Cause and their friends assemble and hold memorial services for those who during the preceding year have passed over the river to rest under the shade of the trees. These meetings have an historic value and do much to keep before the younger generation the work accomplished by the wearers of the grey.

Wm. L. Byrd camp of Ada, has set Sunday, May 7, as the date for the services of this year. They will be held at 3 o'clock and will be conducted by Rev. E. M. Sweet at the First Methodist church. An appropriate program has been arranged and the meeting will be one of intense interest.

**Married Into Chickasaw Family.**

Sunday at 4 o'clock Mr. S. J. Richmond and Miss Nora Colbert, daughter of Geo. Colbert, were united in the bonds of matrimony at Colbert, Rev. Charley Stringer officiating.

They will make their home at Colbert.

## BUSY SESSION OF COUNCIL

DOUBLE-BARRELED MEETING  
OLD COUNCIL COMPLETES  
WORK AND SUCCESSORS  
SWORN IN.

## LIBRARY IS CONSIDERED

Many Applicants for Positions Considered—Will Be Passed on Thursday Night.

Last evening the outgoing council held a meeting for the purpose of disposing of unfinished business, after which the new council was sworn in by Judge Powers.

The principal matters were bills and these were soon disposed of. After other matters had been passed on Alderman Hope brought up the matter of the Carnegie library and presented the letter from Carnegie to Mrs. Hope concerning the gift. Mr. Hope desired that the old council go on record for the library and request the new council to take up the matter at once. E. S. Ratliff made an earnest plea for the library and offered a resolution, the text of which is found in this paper, placing the council on record. It was adopted by a unanimous vote. Mr. Hope then asked that each incoming alderman who favored the proposition to raise his hand. The hands of six out of the seven present went up.

At 9:30 Mayor Little laid down the gavel and the new mayor and councilmen took the oath. Mayor Chapman took the chair and presided over the meeting with becoming dignity and the assurance of an old timer. He announced the appointment of the following standing committees.

Finance—Timberlake, Lasater and Wymore.

Ordinance—Ratliff, Ebey and Wymore.

Fire—Ebey, Ellison and Clark.

Light—Ellison, Ebey and Clark.

Police enforcement and impeachment—Ratliff, Ellison and Floyd.

Park—Ebey, Floyd and Ellison.

City hall custodians—Timberlake, Ratliff and Ellison.

Cemetery—Clark, Wymore and Lasater.

Sidewalks—Lasater, Ratliff, Clark and Timberlake.

Water—Wymore, Timberlake and Floyd.

Streets and alleys—Floyd, Timberlake and Lasater.

W. H. Ebey was unanimously elected president of the council.

After the appointment of the committee it was moved and carried that a special committee should be appointed to go over the route of the proposed Byrd's Mill line today and secure the needed right of way. The mayor appointed Ratliff and Ebey. The city attorney was instructed to make application to the county commissioners for right of way along the section lines where necessary.

A letter was read from the Indian agent to the effect that the application for the removal of the restrictions on the forty acres of land needed for the site of the pumping station, had been approved and that the deed would be brought to Ada this week. The council appropriated \$1,000 to pay for the land.

The council then took up consideration of the applications for positions. The written applications were read by the clerk and those present were invited to add anything they might wish.

For water superintendent there were seven applicants as follows: W. B. Ganey, W. F. Scott, M. L. Sowers, W. F. Perkinson, Chas. E. Daggs, Ralph J. Brooks, G. H. Keen.

For night police there were four applicants as follows: L. O. Harris, M. P. Eaton, H. L. Rogers, N. P. Dever.

For sexton of cemetery, J. E. England.

Day fireman: B. A. Braley, Somer Jones. Night fireman, Clarence West.

Fro contract to sweep streets: J. M. Laxton, W. C. Cummings.

Scavenger: G. W. Morton, A. H. Kilpatrick.

For inspector of Byrd's Mill line during construction: Phil Rogers, A. C. Cant.

The council adjourned until Thursday night at which time selections will be made from among the applicants.

## RESOLUTIONS ADOPTED BY PONTOTOC CO. TEACHERS

To the President and Members of Pontotoc County Teachers' Association, Herein Assembled:

In order to give expression somewhat to our appreciation of the courtesy, generosity and hospitality which we have received and enjoyed on this occasion, at the hands of the good people of Ada, and especially the teachers and patrons of the North school, we your committee beg to submit the following report:

In token of the above, be it resolved:

First. That we extend to the teachers, patrons and particularly the ladies of North Ada, thanks for the royal manner in which we have been received and entertained.

Second. That we also thank the Normal Male Quartet for the good music rendered and assure them that it was highly enjoyed by all.

Third.—That we thank Mr. W. M. Jones, of Chickasha, for the excellent manner in which he entertained this body with his famous and beautiful lecture, "Jimmy, James and Jim."

Fourth. In view of the fact that

many of our rural schools are overcrowded with the several branches of study to the extent that teachers who are forced to handle several grades fail to obtain satisfactory results, therefore

Be it resolved by this body of teachers, thus assembled, that the president hereof appoint a committee of not less than eight members whose duty shall be to revise, by alteration, division, or otherwise, the course of study of our public schools, to meet the needs and requirements of the crowded condition of our rural schools. Said committee to submit its report at our next session of Pontotoc County Teachers Association for its adoption or rejection.

Respectfully submitted,

J. O. McMINN,

J. R. CRISP,

MRS. KATE RUSHING.

## THE RETIRING ADMINISTRATION AND THE NEW.

The city of Ada should always re-  
member the retiring administration  
with gratitude. For three years these  
city officials have been wrestling  
with kotty problems in the endeavor  
to keep the town abreast of the  
times and to conserve its best inter-  
ests. During this time an immense  
amount of work has been done. The  
city hall has been built, sewers in-  
stalled, waterworks extended, side-  
walks built, paving done, a contract  
for a new depot secured from the  
Frisco, and to crown all the Byrd's  
Mill extension provided for.

Of course the council may have  
made a few errors, any set of men  
would, but when everything is taken  
into consideration we believe that the  
city has had about as good an ad-  
ministration as is possible under the  
oldermanic form.

The new council has a great task  
ahead of it. The town is growing in  
population and importance and a  
steady course is all that is needed  
to keep it at the head of the proces-

sion. The new mayor and councilmen  
are conservative business men and  
having the best interests of Ada at  
heart, it can be reasonably expected  
that the march of progress will be  
accelerated during their term of  
office.

Abuse is never a very effective  
weapon, but it is the only one that  
a man in the wrong or who is weak  
in the head is capable of using.

With the indorsement of both the  
old and the new council the Car-  
negie library proposition should have  
easy sailing. Twenty-five thousand  
dollars turned loose for the con-  
struction of a building that the pub-  
lic will have the use of for all time  
will prove both a present and a fu-  
ture help to all parties concerned.

The industrial department of the  
Katy railroad will soon issue a book-  
let setting forth the advantages of  
the towns along its route and naming  
the new industries which would  
thrive in each. The secretary of the  
25,000 club is in receipt of a request  
for a list of those that Ada needs  
and would appreciate any suggestions  
from the citizens of the town before  
replying to it. The more the better.

Some people who make a great fuss  
about being "quality" would find the  
public more ready to admit their  
claim if they realized the fact that  
their exalted position does not carry  
with it the license to trample on the  
rights and feelings of others. Polite-  
ness is always the best guarantee of  
the genuineness of the claim to  
"quality."

While looking after other lines of  
civic improvement and beauty it  
might not be amiss to take some step  
towards beautifying the parkways in  
the paving area of East 12th street.  
Last year these places were permit-  
ted to grow up in weeds and did not  
add anything to the appearance of  
the street.

Paris and New York boast of their  
civilization, but when the first har-  
em skirts appeared on the streets of  
those big villages the wearers were  
stoned and jeered off the streets.  
When the first one appeared on the  
streets of Ada a few days ago it  
created nothing more than a little  
polite attention from the passersby.  
The Oklahoma men are certainly  
nothing if not gallant, if we take New  
York and Paris as standards of po-  
liteness and chivalry.

## Summer Race Meeting.

The Third Annual meeting of the  
Oklahoma City Jockey Club will be  
held at Oklahoma City June 13th to  
July 4th. A program of unusual in-  
terest has been arranged for this  
meeting. Six or more races will be  
run each afternoon. Officials of na-  
tional reputation have been engaged  
to preside at this meeting, and with  
the splendid racing equipment on the  
state fair grounds, the meeting prom-  
ises to be of the highest class.

On June 13th, the opening day of  
the meeting, the Oklahoma Derby for  
\$1,000 will be raced. This race will  
be for 3-year-olds and up, and the  
distance will be one and one-sixteenth  
miles. The Independence Handicap  
for \$1,000 will be raced July 4th. The  
race will be for horses of all ages  
and the distance will be six furlongs.  
The summer meetings of the Jock-  
ey Club have become very popular,  
and the meeting this year promises  
to eclipse any meeting of its kind  
ever held in the Southwest.

The leading stables that have been  
racing at Jacksonville and Tampa,  
Fla., and Juarez, Mex., will ship to  
Oklahoma City to train and race at  
this meeting. These stables includes  
some of the fastest horses in the  
country. The State Fair grounds,  
which is to be opened as a summer  
park will be complete operation at  
this time.

## No Sale for Building Warrants.

Oklahoma City, May 2.—Because of  
a lack of bidders, none of the \$750,000  
worth of public building bonds, au-  
thorized by the last legislature, which  
were to be sold Monday, has yet been  
disposed of. A few bids were received  
for small amounts, but the state  
treasurer and auditor do not want  
to sell them in that way if it can be  
helped. There seems to be some rea-  
son to believe that bond buyers in  
Chicago, St. Louis and other cities,  
which ordinarily take most of the  
Oklahoma securities of this sort,  
have entered into an agreement not  
to bid on this issue, presumably in  
an effort to force down the price. At  
any rate none of them put in bids.  
The bonds are ready, but apparently  
the bidders are not.

**Commemorating the Panama Canal.**  
Washington, May 1.—Managing  
Director Dawe, of the Southern Com-  
mercial congress returned today from  
a two weeks trip that included New  
Orleans and ten other Southern cit-  
ies. It resulted in a national move-  
ment to commemorate the transfor-  
mation of the Panama ditch into the  
Panama Canal.

In an interview today, Mr. Dawe  
explained the connected details of  
the idea. He said:

"Water will be turned into the Pan-  
ama ditch between September and  
November, 1913. That will be the  
time for the nation to celebrate the  
existence of the Panama canal. The  
logical point for such a commemora-  
tion is the nearest great city to the  
thing commemorated, so that the can-  
al itself may be visited as part of  
the commemoration.

Louisiana, having gone in and failed  
to secure the 1915 exposition is  
by that fact unable to move in the  
matter of a national celebration.

The housewife will find more time  
to go about if she has electricity in-  
stalled in her home, because she  
will be able to get her work done  
quicker and easier. For instance, all  
housewives know how much labor is  
lost in walking back and forth from  
the stove to change irons when it  
comes to ironing. The new way—the  
electric way—eliminates this. Your  
iron is always at your service by  
merely pressing a button. An even  
temperature, therefore better work.  
You can do your ironing wherever  
it is convenient—in the kitchen,  
sewing room, the porch in hot weath-

The Southern Commercial congress  
being southwide in extent will move  
to give to the celebration a national  
significance with the Southern states  
acting unitedly as hosts.

The region affected by the Panama  
Canal is the entire nation and the  
congress will therefore, invite to New  
Orleans the leaders of the nation  
along various lines.

Under the guidance of President  
Fletcher and the Executive commit-  
tee of the Southern Commercial con-  
gress, there will be held a series of  
conventions in New Orleans affecting  
each chief commercial interest of the  
nation, and running throughout the  
month of November. Concurrently  
with the convention, Louisiana will  
arrange a series of land and water  
pageants, historical and allegorical,  
setting forth the progress of the na-  
tion from the time of the savage to  
the date of the wedding of the At-  
lantic and the Pacific. At certain pre-  
arranged dates in the month or pos-  
sibly daily, throughout the month,  
one or more excursions will leave  
New Orleans to carry the nation's  
business leaders to see the canal on  
which so much of the nation's mon-  
ey has been used. The plan will en-  
deavor to make it possible for men  
living within one thousand miles of  
the Gulf to spend not more than \$100  
in traveling expenses to the canal  
and home again.

I visited New Orleans again on  
May 2, to confer with a committee  
of ten of which Crawford T. Ellis is  
chairman and M. B. Trezevant, pres-  
ident of the Southern Commercial  
Secretaries Association is Secretary.

The Southern Commercial Congress  
and the Louisiana leaders are em-  
phatically of the opinion that as this  
celebration will have no exposition  
feature, it will aid rather than hin-  
der the work of the victorious Pacific  
Coast during the Panama-Pacific Ex-  
position of 1915."

## COURT IN NO HURRY ABOUT CAPITAL CASE

Oklahoma City, May 2.—Expecta-  
tions of an early decision of the Okla-  
homa capital case by the United  
States supreme court, based on its  
action in advancing the case to an  
early hearing, are not now likely to  
be realized. Attorneys for both sides  
returned from Washington after the  
hearing there early in April with the  
belief that the decision would be  
handed down within a few weeks, and  
there had been a general belief that  
the case would be decided on Mon-  
day of this week.

A message received from Washing-  
ton states, however, that there are  
800 cases ahead of the Oklahoma cap-  
ital case on the supreme court dock-  
et, so that the outlook is not good  
for an immediate opinion. There is  
very little chance now for the case  
to be decided before fall at the ear-  
liest, as the United States supreme  
court will adjourn for the summer on  
May 16 and there will, of course be  
no opinions handed down during the  
summer months. Unless the case  
should be taken up very much out of  
its order and decided within the next  
two weeks, there will be no decision  
for at least three months and no dis-  
turbance of present conditions for  
that length of time.

The fact that the court is not hur-  
rying matters any in deciding this  
time is generally taken to indicate  
that there will be no change in Ok-  
lahoma's capital. Before the case had  
been argued, the supreme court con-  
sidered it of sufficient importance to  
advance it over several hundred other  
cases and give it an immediate hear-  
ing, but after the arguments had  
been heard the court did not seem to  
regard it as of sufficient importance  
to advance the decision as greatly as  
it had the hearing.

## Waterworks Improvements.

Ada, Oklahoma.

Sealed proposals will be received  
by the City Clerk of Ada, Okla., at his  
office at the City Hall until 8 o'clock  
p. m., May 15th, 1911, for the furn-  
ishing of all materials and construct-  
ing complete, a brick or concrete  
pumping station building 20x26 feet  
with floors, foundations and tailrace  
of concrete, and a concrete dam and  
stone wall surrounding the spring  
near Mill. The building will be locat-  
ed about 4000 feet east of the spring  
near Byrds Mill.

Plans, specifications, forms of pro-  
posal and full information may be  
obtained from the Consulting engi-  
neers, Goodwin & Harper, 920 Scar-  
ritt Bldg., Kansas City, Mo. or may  
be seen at the office of the City  
Clerk.

Each proposal must be accompa-  
nied by a certified check on a local  
bank for \$100.00 as a guarantee that

## WHO DOES NOT ADVERTISE

Believes it More Profitable to Sell to Peo-  
ple Who Know Little About What  
Things Should Cost!

He is content to do without the patronage of the  
people who read ads--and who thus KNOW  
PRICES and VALUES--if he can get a "lucky  
share," through "location" or other reasons, of the  
patronage of people who are not educated, by ad-  
vertisements, to "know."

He realizes that as soon as any of his patrons be-  
come ad readers, he loses their trade--but he hopes  
that there may always be a great per centage of  
shoppers who do not read ads. And he knows  
that with such shoppers he stands on equal footing  
with the enterprising merchant.

A Merchant's Best Reason For Not Advertis-  
ing Is Your Best Reason For Not  
Patronizing His Store!

## ANOTHER BLOW FOR

### TWO CENT FARE

Washington, May 1.—The supreme  
court today denied the application of  
Attorney General West of Oklahoma  
for writs of certiorari in the Okla-  
homa 2c rate cases. Similar writs were  
Denied at the last term of the court,  
while the cases were still pending in  
the Circuit court of appeals for the  
Eighth Circuit, and when that court  
rendered its decision against the 2c  
rate the application for writs of cer-  
torari were renewed and today were  
denied.

The cases originated in the United  
States Circuit court for the Western  
District of Oklahoma, when seven  
railroads, including the Santa Fe  
System, the Missouri, Kansas and  
Texas and the St. Louis and San  
Francisco, obtained writs of injunc-  
tions against the attorney general and  
members of the Oklahoma Corpora-  
tion Commission, restraining them  
from enforcing Sec. 37, Art. IX, of the  
Oklahoma Constitution, which pre-  
scribes that railroads shall not  
charge more than 2c a mile for car-  
rying passengers, except where the  
corporation commission permits roads  
to exceed that charge.

The state appealed to the circuit  
court of appeals of the Eighth cir-  
cuit, which sustained the permanent  
injunction.

The injunction thus made perma-  
nent enjoined the Corporation Com-  
mission from enforcing its orders, fix-  
ing the rates of domestic car load  
freights on certain specified com-  
modities on coal, lumber, grain, build-  
ing materials, etc.

## MEN ARE POWERLESS

To Fight Against Disease Unless They  
Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair,  
with irritants or oils on which a para-  
sitic germ will prosper, is like scooping  
water from the ocean to prevent the tide  
from rising.

You cannot accomplish a satisfactory  
cure without having a right understand-  
ing of the fundamental causes of the  
trouble.

You must kill the Dandruff Germ.  
Newbro's Herpicide does this because it  
is specially made to do that very thing.

When the germ is removed, the hair  
has no choice but to resume healthy  
growth and beauty.

effect."

He expects to put on the best there is in the show line and keep his show right up to date in every particular.

**WILL VOTE ON STOCK LAW REPEAL**

The county commissioners have granted the petition of citizens of the northeastern part of the county, embracing Allen, Conway and Steedman for an election on the stock law. This law was voted sometime back, but the petitioners object to it and desire its repeal.

May 27 was set as the date of the election.

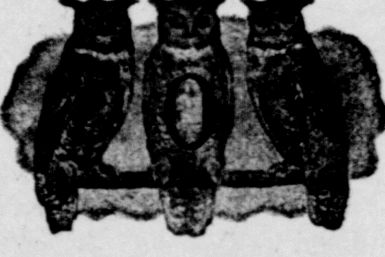

J. W. Rushton, the presiding genius of the Stonewall News, came up this morning and has been making himself at home. Rush lived at Ada so long that he still has a strong feeling for the place although he swears there is no town anywhere equal to Stonewall. Dr. and Mrs. F. Strausbaugh left today for Ivanhoe, Beaver county, where they purchased a tract of land some months ago and where they expect to reside in the future. They are good citizens of whom any community may be proud and although the News regrets very much to see them leave Ada, it commends them to the good people of their new home. Ada's loss is Ivanhoe's gain.

### OLD COUNCIL FAVORS CARNEGIE LIBRARY OFFER

Following is the full text of the resolution introduced in the council meeting last evening by E. S. Ratliff and seconded by Tom Hope relative to the Carnegie library. The passage of this resolution was the last act of the old council and it is worthy of note that it was done by a unanimous vote.

#### RESOLUTION.

Whereas, the City of Ada, has now arrived at that stage in its progress and growth, both educationally, and industrially, to not only deserve, but to demand such an institution as a public library, to the end that all the people may have the advantages of the best in literature, and,

Whereas, certain public spirited citizens, have secured from Mr. Carnegie, an offer of a sufficient amount of money, as a donation to the City of Ada, Oklahoma, for the purpose of providing a public library for said city, the city to make the necessary provisions through taxation to provide an annual fund equal to 10 per cent of the amount donated for the maintenance of said library, and,

Whereas, believing that it will be necessary in order to properly take care of said matter to vote a special tax for the purpose of providing

the maintenance fund, which tax would only amount to approximately one mill on the assessed valuation of said city,

Therefore, be it resolved by the mayor and city council of the city of Ada in regular session assembled, that it is the sense of the council, that the work already initiated in said direction should be encouraged, and pushed forward to successful termination, and that this the outgoing council of said city heartily endorse

Attest: City Clerk.

#### Frantz Appointed Receiver.

Oklahoma City, Ok., May 2.—Frank Frantz of Oklahoma City and W. A. Chase of Nowata have been named as ancillary receivers of the Federal Oil and Gas Company of Pittsburg, Pa., by the Federal court for the Western District of Oklahoma, they having also been named as general receivers by the court in the Eastern District Saturday. The action here covers a number of large oil and gas leases the company has in the Osage Nation. Receivers' bonds were filed today, and Mr. Frantz left for Muskogee to take charge of the property. Similar action will probably be taken by the Federal Court at Pittsburg, Pa.

Receiver Frantz was the last Territorial governor of Oklahoma and was defeated for governor of the new state in the general election in 1907 by C. N. Haskell. He was a member of the Rough Rider regiment.

#### House Party at Stratford.

A party of twenty-two boys and girls of Ada were house guests of Mrs. Doc Sloan, at Stratford, Saturday and Sunday. Mrs. Sloan is a sister of Mrs. J. R. Craig. She is a friend to the young people and the party reports the greatest time of their lives over in Stratford. They were given an automobile drive, had great fun kodaking, and were given a party Saturday night by Miss Ruth Goodwin.

The following were in the house party: Misses Beatrice Craig, Leone Steed, Icie Dodds, Margaret, Victoria and Inez Cameron, Betsie and Willie Faust, Zona Cummings, Maud Brents, Bernice Douthitt, Minnie Lou Hill and Maida Charlton; and Messrs. Harry Jones, Byron Sledge, Sam and Maudie Donaghey, Killis Reese, Chas. Rushing, Max Brents, Willie Cameron and B. L. French.

### JUDGE BARTON TO JUDGE BIRDWELL

As every one knows, there is a well organized kangaroo court in the jail, and everyman sent to join the company must stand trial for the crime of breaking in and is usually well initiated in a short time. Late when bootleggers have been sent to the bastille they have given their occupation as farmers. This has led to frequent appeals being made by Prosecuting Attorney Tom Birdwell to Judge Barton to take better care of his farmer friends and take them out of jail. Some days ago the judge being in a jolly mood, sent the following reply to these requests:

April 25th, 1911.

Hon. Thomas Birdwell, County and District Atty. for Court de Bas-tille.

My Dear Sir:

I am in receipt of your communication concerning the removal of some of my farmer friends and I assure you that I regret exceedingly to hear that they have intruded themselves upon your peaceful and quiet bailiwick and that they are deemed undesirable citizens in your jurisdiction.

But, my dear sir, your court has obtained jurisdiction and as a member of the great legal fraternity you must concede it would be unconstitutional for either of us to attempt to enforce laws of Ex Patriation. You know it would be unconstitutional for you to deport a citizen out of your territory and for me to take one out without his consent would be kidnapping.

I am sending you and the other officers and members of your court, with whom I have not, I believe, the honor of enjoying a personal acquaintance, except with Judge Scribner, some cigars which I would be glad to have you smoke; which I hope will have a tendency to cause you to reflect over this mooted jurisdictional question and I feel sure you will agree with me that the step you advise would be "Ultra vires" and while I always give the gravest consideration to the requests of neighboring tribunals and officers, I am constrained to beg you to institute a course of lectures on agriculture and see that my farmer friends attend and take heed thereto.

Yours very truly,

C. O. BARTON.

## SCHOOL BOARD ELECTS TEACHERS

### T. W. ROBISON ELECTED SUPER- INTENDENT FOR THIRD TIME FINANCES IMPROVED.

The school boards, old and new, held meetings last evening, the outgoing board put the finishing touches on its work and the new board organized by electing A. M. Croxton president, L. T. Walters, vice president and D. W. Swaffar, secretary.

The new board then took up the numerous applications for positions in the city schools and from among them selected the following teachers:

Superintendent—T. W. Robison.  
Willard School—Miss Nelle Rees, principal; Mrs. M. E. Hammett, Miss Lillie Wingo and Miss Garrison.

North School—A. Floyd, Principal; Mrs. Kate Rushing, Miss Dora Fielden, Catherine Edmiston, Ula Clare Sims, Mattie Currie, Emily Lane, Kathleen Grant, Mae Grant.

South School—B. M. McCurry, principal; Misses Gussie Bartley, Mary C. Brown, Mamie Matthews, Lucie Fielden, Jeanette Erwin, Rebecca Tolbert, Bernice Williams, Lula Deacon, Janie Smith, Mildred Timberlake.

The finances of the schools are in better shape than for several years. The board began the year with a deficit of nearly \$5,000. This has been practically wiped out, although the board was put to heavy expense because of the boiler of the North school giving away twice during the term. It is probable that one or two more teachers will be added later on account of the rapid increase of the population of the town and surrounding country, but if nothing unforeseen occurs, the addition can be made without embarrassment.

As will be noted a number of teachers have been retained who have been with the schools for a number of years, a fact that proves that the Ada people know how to appreciate good work on the part of their teachers. The salaries of the Ada teachers have been materially increased during the past three years, but even yet they are not as high as good teachers are entitled to receive.

#### Some Fine Chickens.

M. Lingenfelter, one of the most successful poultry raisers and truck farmers of Pontotoc county, has just made a valuable addition to his flock of Rhode Island Reds. He and Fletcher Reed received two fine young cockerels this morning from a noted farm in Iowa and have had them on exhibition for several hours. The birds are very fine lookers and are about as expensive as any brought to this county, costing as they did a total of \$22.13.

## S.S.S. DRIVES OUT S.S.S. BLOOD HUMORS

The intimate relation of the skin to the blood is shown by the fact that impurities or poisons of any character are usually manifested in some form on the outer cuticle. The germs of fever in the blood will cause a flushing and redness of the skin; in like manner the uric acid of Rheumatism will cause inflammation, while malarious poison produces a sallow and chalky hue; and so with other impurities.

The skin is a real barometer to the blood, and the character of impurity infecting the circulation is determined by the effects on the outer tissue. Humors in the blood produce what we term in general, Skin Diseases. These are divided into several classes known as Eczema, Acne, Tetter, Salt Rheum, Psoriasis, Pimples, Rashes, etc., and each of these troubles indicate the presence of humors or acids in the circulation. The humors and acids by their irritating nature cause the delicate flesh just beneath the outer skin

to ulcerate and discharge, and soon the skin is disfigured with eruptions which often are torturing to the sufferer because of soreness or intense itching. External treatment cannot cure an internal trouble, and for this reason salves, washes, lotions, etc., can have no curative effect on skin diseases. Such treatment can perhaps soothe, and make the irritated flesh more comfortable, but the real cause must be removed by purifying the blood before skin trouble can be cured.

S. S. S. cures Skin Diseases of every kind by purifying the blood and removing the humors from the circulation. It neutralizes all impure acids, cools the over-heated blood, builds it up to normal strength, multiplies its rich, nutritious corpuscles, and adds to its purity in every way. Then the skin instead of being irritated by acid impurities and humors, is nourished, soothed and softened by pure, rich blood. Book on Skin Diseases and any medical advice free. S. S. S. is for sale at drug stores.
